Consignment Contract

The Treasure Trove accepts furniture, clothing, jewelry, and household goods for consignment between the 1st & the 20th of each month or until full (1st-10th summer). You have the option of naming your asking price or having the store name it for you based on current market value and similar items for sale. Items remain on consignment for 90 days. Early removal of items will result in a 10% inventory fee of the asking price or $1.00 per item, whichever is greater. We reserve the right to discount items, and we do offer coupons. You will receive an email newsletter monthly with a coupon attached, along with store news and new featured items in the shop.

The Treasure Trove will split the proceeds from the sale of your item, based on the dollar amount the item is consigned for. If your item for sale is valued at less than $45, then you as the consignor will receive 40% commission. Items valued at $45-$125.00 will receive a 50% commission, and items valued over $125 will receive a 60% commission. (Rules are different for handcrafted items)

Clothing, Shoes and other textile items will be marked down automatically; after 30 days, the price is discounted 20%, after 45 days, it is discounted 35%, and after 60 days, it is discounted 50%. Jewelry and Furniture prices are as marked, and markdowns will be discussed as appropriate. (We do reserve the right to wiggle a little bit on prices in order to make your item sell) You have the option of picking up the items within one week of the 90th day, or they become store property. (Please note that it will be your responsibility to locate items for pick-up, and to know when they expire) Additional fees will apply for late retrieval of items or failure to follow any other store policies.

We have a 20 item limit per month per family until we are full, and only five like-items at a time. Items must be clean, odor-free, unwrinkled as much as possible, not in disrepair, and of the appropriate season. Consignments (excluding large furniture pieces) must be dropped off in a box or bag (or hangars bound together) that is clearly labeled with your name. Non-accepted items must be picked-up within two days of your notification or they will be donated to a charity-we do not have room for storage (unless mutually agreed upon date of pick-up). If, following acceptance of a consigned item, it is found to be defective, damaged, or stained, the item will be donated or disposed of as deemed appropriate by The Treasure Trove. If you want a detailed receipt at time of drop-off, you will need to make an appointment.

When your item sells, the money is credited to your in-store account as soon as possible to use for purchases. Or, if you request 24 hours in advance, we can provide cash settlement. (Check payment may sometimes be required for large amounts) For your account safety, the store manager is the only person authorized to provide payment. The Treasure Trove consignment checks are voided after 90 days. A bank fee of $32 is charged for re-issuing of voided and/or lost or damaged consignment checks. Consignment fees not claimed within one year will be forfeited. We do not mail checks; money must be signed for and picked up in person.

Although we will do all we can to prevent loss, The Treasure Trove and/or its staff will not be responsible or financially liable for lost, stolen, or damaged items.

I have read the above contract and agree to the terms. _____
